

CLAIM AMENDMENTS

The Examiner has stated that claims 1-21 are pending, with claims 1, 2, 12, 13, and 21 having allowed status. Further, claims 3-11 and 14-20 are rejected under 35 USC 112, first paragraph, as failing to comply with the enabling requirement. In addition, claim 15 had a typographical error. Since the applicants provided appropriate enabling information as a part of the original Abstract (where it was considered inappropriate), they have now moved the enabling information to make it a part of the Specification. Also, the applicants have corrected the typographical error. A set of claims 1-21 is now being provided as a part of this response, with claim 1 shown as being canceled (per the last Office Action response), each claim marked as to its current status. Therefore the applicants respectfully request that the Examiner withdraw the rejection of claims on pages 3-4 of the currently pending Office Action.
